Grammatical article in English For other uses, see The (disambiguation). For technical reasons, "The #1s" redirects here. For the band, see The No. 1s. The /ða, ði-/ (listen)) is a grammatical article in English, denoting persons or things already mentioned, under discussion, implied or otherwise presumed familiar to listeners, readers, or speakers. It is the definite article in English. The is the most frequently used word in the English language; studies and analyses of texts have found it to account for seven percent of all printed English-language words.[1] It is derived from gendered articles in Old English which combined in Middle English and now has a single form used with pronouns of any gender.[a] The word can be used with both singular and plural nouns, and with a noun that starts with any letter. This is different from many other languages, which have different forms of the definite article for different genders or numbers. Pronunciation In most dialects, "the" is pronounced as /ða/ (with the voiced dental fricative /ð/ followed by a schwa) when followed by a consonant sound, and as /ði/ (homophone of pronoun thee) when followed by a vowel sound or used as an emphatic form.[2] Modern American and New Zealand English have an increasing tendency to limit usage of /ði/ pronunciation and use /ða/, even before a vowel.[3][4] Sometimes the word "the" is pronounced /ði/, with stress, to emphasise that something is unique: "he is the expert", not just "an" expert in a field. Adverbial See also: wikt:the § Etymology 2 Definite article principles in English are described under "Use of articles". The, as in phrases like "the more the better", has a distinct origin and etymology and by chance has evolved to be identical to the definite article.[5] Article The and that are common developments from the same Old English system. Old English had a definite article *se* (in the masculine gender), *sēo* (feminine), and *þæt* (neuter). In Middle English, these had all merged into *þe*, the ancestor of the Modern English word *the*.[6] Geographic usage An area in which the use or non-use of the is sometimes problematic is with geographic names: notable natural landmarks – rivers, seas, mountain ranges, deserts, island groups (archipelagoes) and so on – are generally used with a "the" definite article (the Rhine, the North Sea, the Alps, the Sahara, the Hebrides), continents, individual islands, administrative units and settlements mostly do not take a "the" article (Europe, Jura, Austria (but the Republic of Austria), Scandinavia, Yorkshire (but the County of York), Madrid), beginning with a common noun followed by of may take the article, as in the Isle of Wight or the Isle of Portland (compare Christmas Island), same applies to names of institutions: Cambridge University, but the University of Cambridge. Some place names include an article, such as the Bronx, The Oaks, The Rock, The Birches, The Harrow, The Rower, The Swan, The Valley, The Farrington, The Quarter, The Plains, The Dalles, The Forks, The Village, The Village (NJ), The Village (OK), The Villages, The Village at Castle Pines, The Woodlands, The Pas, the Vatican, The Hyde, the West End, the East End, The Hague, or the City of London (but London). Formerly e.g. Bath, Devizes or White Plains.[7] generally described singular names, the North Island (New Zealand) or the West Country (England), take an article. Countries and territorial regions are notably mixed, most exclude "the" but there are some that adhere to secondary rules: derivations from collective common nouns such as "kingdom", "republic", "union", etc.: the Central African Republic, the Dominican Republic, the United States, the United Kingdom, the Soviet Union, the United Arab Emirates, including most country full names;[8][9] the Czech Republic (but Czechia), the Russian Federation (but Russia), the Principality of Monaco (but Monaco), the State of Israel (but Israel) and the Commonwealth of Australia (but Australia).[10][11][12] countries in a plural noun: the Netherlands, the Falkland Islands, the Faroe Islands, the Cayman Islands, the Philippines, the Comoros, the Maldives, the Seychelles, Saint Vincent and the Grenadines, and The Bahamas. Singular derivations from "island" or "land" that hold administrative rights – Greenland, England, Christmas Island and Norfolk Island – do not take a "the" definite article. derivations from mountain ranges, rivers, deserts, etc., are sometimes used with an article, even for singular (the Lebanon, the Sudan, the Yukon, the Congo).[13] This usage is in decline, The Gambia remains recommended whereas use of the Argentine for Argentina is considered old-fashioned, Ukraine is occasionally referred to as the Ukraine, a usage that was common during the 20th century, but this is considered incorrect and possibly offensive in modern usage.[14] Sudan (but the Republic of the Sudan) and South Sudan (but the Republic of South Sudan) are written nowadays without the article. Trademark Ohio State University registered a trademark allowing the university to use "THE" on casual and athletic clothing. The university, often referred to as "The Ohio State University", had used "THE" on clothing since 2005 but took steps to register the trademark in August 2019 after the Marc Jacobs company attempted to do the same. In August 2021 Ohio State and Marc Jacobs agreed the high-end fashion retailer could use "THE" on its merchandise, which was different from what the university would sell. Still, the university took almost an additional year to convince the United States Patent and Trademark Office that the use of "the" was "more than ... ornamental".[15] Abbreviations Barred thorn (after Ælfric) Since "the" is one of the most frequently used words in English, at various times short abbreviations for it have been found: Barred thorn: the earliest abbreviation, it is used in manuscripts in the Old English language. It is the letter þ with a bold horizontal stroke through the ascender, and it represents the word *þæt*, meaning "the" or "that" (neuter nom. / acc.). *þ* and *þ̅* (*þ* with a superscript e or t) appear in Middle English manuscripts for "þe" and "þat" respectively. *y* and *ȝ* are developed from *þ* and *þ̅* and appear in Early Modern manuscripts and in print (see *Ye* form). Occasional proposals have been made by individuals for an abbreviation. In 1916, Legros & Grant included in their classic printers' handbook *Typographical Printing-Surfaces*, a proposal for a letter similar to *H* to represent "Th", thus abbreviating "the" to *he*.[16] In Middle English, the *(þe)* was frequently abbreviated as a *þ* with a small *e* above it, similar to the abbreviation for that, which was a *þ* with a small *t* above it. During the latter Middle English and Early Modern English periods, the letter thorn (*þ*) in its common script, or cursive form, came to resemble a *y* shape. As a result, the use of a *y* with an *e* above it (*ȝ*) as an abbreviation became common. This can still be seen in reprints of the 1611 edition of the King James Version of the Bible in places such as Romans 15:29, or in the *Mayflower Compact*. Historically, the article was never pronounced with a *y* sound, even when so written. The word "The" itself, capitalised, is used as an abbreviation in Commonwealth countries for the honorific title "The Right Honourable", as in e.g. "The Earl Mounbatten of Burma", short for "The Right Honourable Earl Mounbatten of Burma", or "The Prince Charles".[17] References ↑ Norvig, Peter. Retrieved from "" (Image credit: Rockstar Games) If you're asking how to get GTA 5 Enhanced Version on PS5 and Xbox Series X, then you'll know that a new and improved version of the game is now available and may be looking for a smooth transition – especially if you've been playing the PS4 or Xbox One version of GTA 5 on your new-gen console for some time already. However, things aren't quite as simple as they could be, so if you're expecting a GTA 5 Expanded and Enhanced free upgrade or just want to pick up the fancy new version then here's what you need to know.(Image credit: Rockstar Games)The first thing to note if you want to get the GTA 5 Enhanced Version, is that it's a completely separate product to the PS4 or Xbox One release of GTA 5 you already have installed. You won't be able to access the updated edition from your existing game or receive any prompts there to upgrade, so instead you'll need to head to the Store for your respective console, then search for the new-gen version of GTA 5 to get the upgrade process started.Is GTA 5 Expanded and Enhanced free(Image credit: Rockstar Games)No, the GTA 5 Expanded and Enhanced Version is not a free upgrade, though for the three month period from launch until June 14 it will be heavily discounted for both new and returning players. Thanks to Sony's long-standing relationship with Rockstar and GTA, the Enhanced Edition is cheaper on PS5 than Xbox Series X, and you can find all of the details for this in our separate GTA 5 price guide. The only exception to this is the standalone GTA Online on PS5, which for the same three month post-launch period will be available to download and keep for free – though you will need an active PlayStation Plus subscription to play it.Once you've purchased and installed the GTA 5 Enhanced Version, you'll just need to transfer GTA 5 Story Mode progress to PS5 and Xbox Series X then follow the process for how to transfer GTA Online and you'll be all set. But can you play GTA Online on PS5 with PS4 players? We've got all the crossplay information you'll need too.GTA 5 cheats | GTA 5 money cheats | Best GTA 5 PC mods | GTA 5 Peyote Plant locations | GTA 5 Stunt Jump locations | GTA 5 Under the Bridge locations | GTA 5 Letter Scrap locations | GTA 5 Spaceship Parts locations | GTA 5 Stock Market and Lester's Assassination Missions | GTA 5 Monkey Mosaics locations | GTA 5 Wildlife Photography Challenge guide | GTA 5 100% completion guide
